

(2) In making any such order, no restrictions shall be imposed on any vehicle, terminal or facility, employee, employer or intermodal equipment provider beyond that required to abate the hazard.

(3) In this paragraph (b), *imminent hazard* means any condition of vehicle, intermodal equipment, or commercial motor vehicle operations that substantially increases the likelihood of serious injury or death if not discontinued immediately.

(4) Upon the issuance of an order under paragraph (b)(1) of this section, the motor carrier employer, intermodal equipment provider or driver employee shall comply immediately with such order. Opportunity for review shall be provided in accordance with 5 U.S.C. 554, except that such review shall occur not later than 10 days after issuance of such order, as provided by section 213(b) of the Motor Carrier Safety Act of 1984 (49 U.S.C. 521(b)(5)). An order to an employer or intermodal equipment provider to cease all or part of its operations shall not prevent vehicles in transit at the time the order is served from proceeding to their immediate destinations, unless any such vehicle or its driver is specifically ordered out-of-service forthwith. However, vehicles and drivers proceeding to their immediate destination shall be subject to compliance upon arrival.

(5) For purposes of this section, the term *immediate destination* is the next scheduled stop of the vehicle already in motion where the cargo on board can be safely secured.

(6) Failure to comply immediately with an order issued under this section shall subject the motor carrier employer, intermodal equipment provider, or driver to penalties prescribed in subpart G of this part.

Subpart G—Penalties

SOURCE: 56 FR 10184, Mar. 11, 1991, unless otherwise noted.

§ 386.81 General.

(a) The amounts of civil penalties that can be assessed for regulatory violations subject to the proceedings in this subchapter are established in the statutes granting enforcement powers. The determination of the actual civil penalties assessed in each proceeding is based on those defined limits or minimums and consideration of information available at the time the claim is made concerning the nature, gravity of the violation and, with respect to the violator, the degree of culpability, history of prior offenses, ability to pay, effect on ability to continue to do business, and such other matters as justice and public safety may require. In addition to these factors, a civil penalty assessed under 49 U.S.C. 14901(a) and (d) concerning household goods is also based on the degree of harm caused to a shipper and whether the shipper has been adequately compensated before institution of the civil penalty proceeding. In adjudicating the claims and orders under the administrative procedures herein, additional information may be developed regarding these factors that may affect the final amount of the claim.

(b) When assessing penalties for violations of notices and orders or settling claims based on these assessments, consideration will be given to good faith efforts to achieve compliance with the terms of the notices and orders.
